

**REMARKS**

Claims 1-12 and 14-21 are pending in this application. By this Amendment, claims 1, 11 and 21 are amended. No new matter is added.

Applicants appreciates the courtesies shown to Applicants' representative by Examiner Roswell in the September 10, 2007 personal interview. Applicants' separate record of the substance of the interview is incorporated into the following remarks.

Applicants note that the record does not indicate that the references submitted with the February 24, 2005 Information Disclosure Statement have been considered. Applicants request that the Examiner consider these references and forward to Applicants a copy of the February 24, 2005 PTO-1449 form with the references initialed as considered.

The Office Action rejects claims 1-12 and 14-21 under 35 U.S.C. §102(b) over U.S. Patent No. 5,923,307 to Hogle, IV (Hogle). Applicants respectfully traverse the rejection.

As proposed at the personal interview, by this Amendment, independent claims 1, 11 and 21 are amended to recite that the image information data, after at least one portion of the image information data is transformed by a viewer, is displayed across at least two display areas (Claim 1)/first and second display areas (Claims 11 and 21), and is continuous within a tolerance level. Additionally, the term "substantially" has been amended out of the claims as requested by the Examiner. As agreed at the personal interview, the claims distinguish over Hogle.

For the foregoing reasons, Applicants request withdrawal of the rejection.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

James A. Oliff
